DETAIL LIKE NO OTHER

The innovative one-of-a-kind RIGID Loc, the Bathroom Butler industry leading mounting system. Engineered to secure the fixture beyond time or wear, accessories stay precisely locked in place. (SA Patent 2012/05046)

15 YEARS OF DESIGN INNOVATION

Established in South Africa, Bathroom Butler is a family owned business that has been manufacturing bathroom accessories for over 15 years. With our underlying passion for innovation, we are driven to constantly evolve to surpass market expectations and have been using smart materials such as GRADE 304 Stainless Steel in combination with sustainable design to produce top end heated towel rails and bathroom accessories that are as beautiful as they are functional.

Choices, made for you

START WITH FINISHING IN MIND

Colour, shine and durability in every accessory made. We use innovative techniques to bring to you colour choice from polished, brushed stainless steel & brushed champagne gold to matt black. The finish is timeless.

HEATED TOWEL RAILS

NATURAL COLLECTION

Use less water, Save on electricity

Typically, used bath towels should be washed after every use to reduce bacterial build-up, which increases both water and electricity consumption. The smart alternative is to use a Bathroom Butler heated towel rail to dry your bath towels after every use, which means saving water and electricity with less washing.

HEATED TOWEL RAILS

CUBIC COLLECTION

Hygienically Dry

Germs and bacteria build up on your bath towels when they don't dry properly, causing a damp musty smell. Drying your towel on a Bathroom Butler heated towel rail reduces the bacterial load by up to 90%, making that after shower stretch for your hygienically dry towel a simple pleasure.

RENOVATE YOUR PRIVATE SANCTUARY

It's our humble belief that no one has put so much thought into a soap rack or toilet paper holder until now. From distinctly beautiful design to using the finest stainless steel and we didn't just stop there, we have gone as far as revolutionising how bathroom accessories stay attached to the wall.

Obsessive? Maybe...we prefer to call it passion.
